

The 1823 Trafalgar Township Assessment

“These records were given to the Archives in October, 1948, by the clerk of the township, Mr. Wilfrid Lord, through the kindness and interest of Mrs. Hazel C. Mathews, Oakville.”

The original assessment was a chart with twenty-nine columns, of which only the first nine and two others have been summarized and transcribed here. The transcriber's comments appear in square brackets. Some portions of the microfilmed documents were too dark to read due to the photo process and multiple images did not always provide clear images of these portions. Rescanning the documents would probably reveal more details. The columns were:
